WHAT IS ORGANIZATIONAL LEADERSHIP?

Our Master of Organizational Leadership (MOL) degree allows students to expand their leadership capacity in whatever God has called them to do, whether that is business, ministry, or non-profit work. With a focus on integrating personal development, theological foundations, and organizational studies, this program equips you to tackle present and future challenges in business, church, ministry, or non-profit organizations. Our Spirit-infused theological framework blends timeless principles with contemporary applications, making the MOL a valuable experience for any leader.

Accredited through the Association of
Theological Schools (ATS).

CAPSTONE EXPERIENCE

The graduate capstone experience is a pivotal requirement for all graduate students, providing a platform to showcase their ministerial skills and theological expertise they acquired throughout their studies. This allows students to apply their knowledge to real-life, either through a comprehensive practical project, strategic plan, business startup plan, or change initiative, ensuring well-rounded preparation for whatever God is calling them to do.
