## WHAT IS ASSOCIATE OF ARTS?

The Associate of Arts (AA) degree at The King's University is a two-year program that builds a strong foundation in biblical studies, theological literacy, and general education while allowing students to explore any undergraduate pathway. Students develop a Spirit-formed worldview alongside critical thinking and communication skills that prepare them for ministry or professional vocations. Fully transferable into The King's bachelor's programs, the AA serves as a meaningful starting point for those ready to grow academically and deepen their calling in a Christ-centered environment.
